1 February 2012

Subject: Revision of Fuel Surcharge System from Fixed to Floated Rate, Effective on 1 Mar 2012

Dear valued customers,

Thank you very much for your kind continuous support in using our express delivery service. Over the years, fuel price in the market has been highly fluctuated. It has impacted intensely on our cost up to the point that we cannot maintain our fixed fuel surcharge system. To reflect more accurate view of the fuel price in each period, we believe that the new "Floated Rate" will be the better and more reasonable system. The floated fuel surcharge rate will be adjusted up or down according to market condition in each month. Please be informed that the use of this new "Floated Fuel Surcharge Rate" will be effective on 1 March 2012.

DPEX Fuel Surcharge	Effective Date	Rate
- For International Service	1 Mar – 31 Mar 2012	12%
- For Domestic Service	1 Mar – 31 Mar 2012	5%

Updated fuel surcharge information for each period will be published on our website: <http://www.dpex.com/country/th/home.aspx>, and www.dpexthailand.com. You can also get the information from our Call Center and our Customer Service Officers at tel. 02 2782900, from Mon to Sat, 8.30 – 17.00 hrs.

We hope that you would understand our necessity and would continue your kind continuous support to DPEX. Should you need any further information, please do not hesitate to contact us.

Yours faithfully,

Samarn Rutirapong
Managing Director
