

**DPEX help flood victims in Thailand** DPEX BKK prepared 150 units of Life Support Bags and distributed to help flood victims in Aydhaya province on 8 Oct 2011. Each bag contains 5 kg of rice, bottles of water, canned fish, UHT milk, sanitary napkins, candles and lighters. (Candles are donated by our customer, Yong Tong Co., Ltd.) We also prepared 700 sets ready-to-eat sticky rice with fried pork and meat. We donated directly to people in the flood villages and to the distributing centers at each point along the road. On our way back, we also helped other donators in distributing goods to the target destination.
